Strategic Management, Leadership Skills, and Future Foresight

Course Introduction

Strategic management skills, leadership, and future foresight are essential elements that contribute to the success of organizations in a rapidly changing world. This course aims to enhance participants' capabilities in these three areas by providing the knowledge and tools necessary to implement effective strategies, enhance leadership skills, and enable participants to anticipate future trends.

The course will cover a variety of topics, including:

- ✓ Fundamentals of Strategic Management:
- ✓ Understanding how to analyze the internal and external environment.
- ✓ Defining strategic objectives.
- ✓ Formulating effective strategies to achieve organizational vision.

Leadership Skills:

- ✓ Developing leadership styles that enhance team effectiveness.
- ✓ Effective communication, trust-building, and motivation to achieve high performance.

Future Foresight:

- ✓ Recognizing tools and techniques for future foresight.
- ✓ Using data and forecasts to identify potential changes in the economic, social, and technological environment.

The course will include a range of interactive activities, case studies, and practical workshops, allowing participants to apply what they learn in their professional contexts. By the end of the course, participants will be equipped with the tools and strategies that enable them to make informed strategic decisions and lead their teams to success in the future.
