## Google Analytics Tool

### Course Introduction

Web analytics is important to grow your business website, it will provide you with visitor data so you can identify what they are doing on your website. Google Analytics allows you to track and understand your customers' behavior, user experience, online content, device functionality, and more. It provides the information needed to help you shape the success strategy of your business, discovering things you probably never knew about visitors on your site.

The training course is designed to provide participants with the relevant knowledge about Google Analytics and its tools. This course will focus on topics such as Google Analytics Reports and Tools, Data, Paid Search, Organic Search, PPC, CPC, and SEO, Google Analytics Workings, Exporting, Emailing, and Scheduling Reports and Dashboards.
