## Nutanix Enterprise Cloud Administration

### Course Introduction

This Nutanix Enterprise Cloud Administration (ECA) 5.15 training course is designed to enable administrators (system, network, and storage) to successfully configure and manage Nutanix in the datacenter.

The course covers many of the tasks Nutanix administrators perform through the use of graphical user interfaces (GUIs) and command line interfaces (CLIs) and provides insight into a Nutanix cluster's failover and self-healing capabilities, offers tips for solving common problems, and provides guidelines for collecting information when interacting with Nutanix Support.
