Innovation and Renovation Excellence

Course Introduction

This comprehensive course is designed to equip participants with the knowledge and skills necessary to drive innovation and renovation within their organizations. In today's rapidly evolving business landscape, the ability to develop effective new product development (NPD) strategies, align business and brand strategies with consumer insights, and deliver on the brand promise is vital for sustainable growth and competitive advantage.

Throughout this program, participants will explore the innovation and renovation process, learn how to leverage consumer-led insights to generate a range of products, services, and value propositions, and ensure that their organization's offerings deliver an excellent customer experience. Additionally, participants will gain insights into making their product and service range a key point of differentiation and competitive advantage, as well as techniques for opportunity identification and innovation planning.
