Advanced Administration and Office Management Professional

Course Introduction

Office administration is key to having a successful organization. It is the connecting link between senior management and the employees. Managers and administrators usually provide the motivation to the work force to make them realize the goals of their organization. In order to stand out and become an integral part of the business team, professionals should have the skills to effectively manage an office and the employees under supervision.

This **BOOST** training course is designed to provide delegates with the important concepts and ideas they need to understand in order to become an effective administrator and maximize their contribution to their teams and organizations. This course focuses on recognizing areas where improvements can be made, developing strategies accordingly, and managing the network of relationships and inter-personal skills and communication.
