Certificate in IPSAS - Accrual Accounting for Public Sector

Course Introduction

International Public Sector Accounting Standards (IPSAS) are a set of accounting standards developed by the IPSAS Board for use by Public Sector enterprises around the world in the preparation, presentation, and disclosure of general-purpose financial statements.

Organization's financial performance

It aims to increase transparency, which provides a better understanding of an organization's financial performance, greater accountability to make informed decisions about resource utilization, and improved financial information to support governance, management of assets, and decision-making.

This training course is designed to provide participants with the relevant concepts and enhance their understanding of the sector, accounting with special emphasis on IPSAS by providing practical and detailed knowledge of the key IPSAS and how they are interpreted and applied.
