ArchiMate® 3 - Foundation and Practitioner (Level 1 and Level 2)

Course Introduction

ArchiMate® 3 is an international standard for enterprise architecture modelling, established by **The Open Group®**.

This comprehensive training program, offered by **BOOST**, is designed to equip participants with the skills and knowledge needed to effectively model enterprise architectures using the ArchiMate® 3.2 language.

Throughout the course, participants will delve into the structure, principles, and concepts of ArchiMate® 3.2. They will engage in practical exercises that involve analysing and creating models aligned with the ArchiMate® 3.2 standard.

The course prepares individuals for the **ArchiMate® 3 Practitioner** certification exam, with hands-on workshops and case studies to reinforce learning.
