PECB Certified-ISO/IEC 17025 Foundation

Course Introduction

ISO/IEC 17025 Foundation training enables you to learn the basic components to implement and manage a Laboratory Management System (LMS) as specified in ISO/IEC 17025. During this training course, you will be able to understand the different modules of a LMS, including LMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certificate Holder in ISO/IEC 17025 Foundation” certificate. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework, and management approach.
