## PECB CERTIFIED ISO 18788 Lead Implementer

### Course Introduction

ISO 18788 Lead Implementer training enables you to develop the necessary expertise to support an organization in establishing, implementing, managing and maintaining a Security Operations Management System (SOMS) based on ISO 18788. The SOMS implementation ensures the protection and safeguarding of clients' lives and property by respecting the fundamental freedoms, human rights, and national and international laws. During this training course, you will gain a thorough understanding of the best practices of Security Operations Management Systems and be able to apply them in an organization.

After mastering all the necessary concepts of Security Operations Management Systems, you can sit for the exam and apply for a "PECB Certified ISO 18788 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to implement the ISO 18788 in an organization.
