National Standard for Business Continuity Management System AE SCNS NCEMA 7000:2021

Course Introduction

NCEMA provides a Business Continuity Management Standard to build an organization's capability to continue functioning and delivering its prioritized activities when its operations are disrupted due to emergencies or crises.

Due to the development in the Business Continuity Management field, the second version of the Business Continuity Management Standard – Specifications (**AE/SCNS/NCEMA 7000:2015**) was officially released in 2015, along with the development of the second version of these Guidelines by a professional team from NCEMA and participation from experts and professional bodies, and strategic partners.
