Risk Management Professional PMI-RMP

Course Introduction

This training course is designed to help participants prepare for the Project Management Institute's (PMI®) Risk Management Professional (RPM®) exam with an understanding of project risk management according to the Project Management Body of Knowledge (PMBOK®) Guide. Aligned with the PMI Risk Management Professional (PMI-RMP®) certification, this course will discuss topics such as the skills to identify and measure risks in project development and implementation, quantify risks, and create risk response strategies to deliver projects that meet stakeholder expectations.
