## Mastering ESG, Responsible Sourcing & Sustainable Procurement

### Course Introduction

This comprehensive training program on "Mastering ESG, Responsible Sourcing & Sustainable Procurement" is designed to equip participants with the essential knowledge and skills to navigate the evolving landscape of sustainable procurement. Over the course of five days, participants will delve into the core concepts of ESG criteria, responsible sourcing strategies, and sustainable procurement practices. Through interactive sessions, case studies, and practical exercises, participants will learn how to integrate sustainability considerations into procurement processes, engage stakeholders effectively, and drive continuous improvement in sustainability performance.
