Certified Manager of Quality

Course Introduction

Becoming a Certified Manager of Quality (CMQ) is a mark of excellence in the field of quality management. This **5-day** course, offered by **BOOST**, prepares professionals to achieve CMQ certification by mastering the principles and practices of quality management. Participants will learn how to design and implement quality systems, lead quality initiatives, and drive continuous improvement. Through a combination of theoretical insights and practical applications, this course equips professionals to excel in quality leadership roles.
