Advanced Quality Management in Healthcare

Course Introduction

Quality management is a cornerstone of delivering exceptional healthcare services. This 5-day advanced course, offered by **BOOST**, is designed to equip healthcare professionals with the knowledge and tools to implement and optimize quality management systems in their organizations.

Participants will explore advanced concepts in healthcare quality, including patient safety, regulatory compliance, performance improvement, and the integration of technology. Through case studies, interactive workshops, and expert-led sessions, this course will empower participants to drive continuous improvement and achieve excellence in healthcare delivery.
