Mini MBA in Government Procurement Course

Learning Objectives

- ✓ Gain a comprehensive understanding of government procurement, including its definitions, importance, and legal frameworks.
- ✓ Familiarize yourself with the procurement lifecycle and the key stages involved in public procurement processes.
- ✓ Conduct thorough needs assessments and market research to inform procurement decisions.
- ✓ Create detailed procurement plans that align with organizational goals and budgetary constraints.
- ✓ Apply various sourcing strategies to identify and evaluate potential suppliers.
- ✓ Manage the competitive bidding process, including drafting RFPs and RFQs.
- ✓ Understand the legal issues and contract law relevant to government procurement.
- ✓ Uphold ethical standards and implement anti-corruption measures in procurement activities.
- ✓ Handle contract modifications and manage changes effectively to ensure compliance and performance.
- ✓ Identify potential risks in procurement and develop strategies to mitigate them.
- ✓ Create and implement a risk management plan tailored to specific procurement projects.

- ✓ Leverage e-procurement tools and adopt sustainable procurement practices.
- ✓ Utilize category management, strategic sourcing, and performance-based contracting to enhance procurement outcomes.
- ✓ Conduct cost analysis and determine fair pricing for procurement contracts.
- ✓ Develop and track key performance indicators (KPIs) to measure and improve procurement performance.
- ✓ Communicate effectively with stakeholders and manage relationships throughout the procurement process.
- ✓ Apply advanced negotiation techniques to achieve favorable outcomes in procurement contracts.
- ✓ Apply the knowledge and skills gained throughout the course to a real-world procurement project.
- ✓ Present your project plan, receive feedback, and refine your approach based on peer and instructor input.
